### EXPERIENCE

**Allshore Virtual Staffing** October 2021 - Present

#### Salesforce Developer

- Determines operational feasibility by evaluating analysis, problem definitions, requirements, solution developments, and proposed solutions or reviewing the current system if it already exists.
- Presents ideas for system development/improvement, including project timelines while working closely with clients.
- Produces detailed specifications, writing the program codes and testing the product in controlled situations before going live.
- Records and demonstrates solutions by developing documentation, wireframes, flowcharts, layouts, diagrams, charts, training manuals for users, code comments and clearing code.
- Develops and deploys solutions by determining and designing system specifications, standards and programming.
- Communicates with clients directly about project requirements and details on a daily basis.
- Improves operations by conducting systems analysis, recommending changes and suggesting possible solutions.
- Learns about state-of-the-art development tools, programming techniques and computing equipment. Additionally, continues to participate in educational opportunities.
- Develops software solutions by studying information needs, conferring with users, studying systems flow, data usage, and work processes, investigating problem areas and following the software development lifecycle.
- Regularly commits code to repository servers and backup work.

**Technologies:** Salesforce, Apex, Salesforce Service Cloud, Salesforce Sales Cloud, VisualForce Pages, Lightning Component, Lightning Web Component

**Technologies:** Salesforce Sales Cloud, Salesforce Service Cloud

---

## PROJECTS

### Fluid Air Dynamic

Fluid-Air Dynamics is a self-proclaimed solid dosage technology expert who's recently secured a spot on the Inc. 5000. However, their previous paper system made fulfilling orders and expanding to other markets too labor intensive. FAD provided the finest compressed air products. Worked on converting classic to lightning by creating custom components and used Lightning Component, Visualforce pages, Classes, Triggers, Workflows, Flows and Process Builders.

---

### Property AG

Property AG provides the sale, rental, management, and valuation of real estate. It also supports free of charge in property searches. Worked on emails to case integration and built dynamic email templates using Apex controller, extensions, Triggers, Trigger handler framework and Flow builder.

---

## CERTIFICATIONS

### Salesforce Platform Developer 1

Years Earned: 2018

---

## EDUCATION

### Master of Science in Computer Science
